

## **Kansas City MUFON UFO Group Gets New Director**

Margie Kay was appointed State Section Director for local Kansas City Chapter of the Mutual UFO Network on March 9, 2009.

### **Kansas City, Missouri April 4, 2009**

Margie Kay took over for Jim Johnson, who was State Section Director for Kansas City for eight years and is staying on as Assistant State Section Director. Kay is a long-time UFO investigator and member of MUFON. "I don't think we've done enough to reach people in this area that have had UFO sightings," Kay says. "But we are changing that with a new website, Communiversity classes, a UFO Library, Yahoo chat list, and by providing guest speakers for public meetings. We have a wealth of resources and talent in our local membership, and we plan to utilize that more fully. We want people to know that they are not alone and that many others have had UFO sightings," said Margie.

MUFON members consist of scientists, physicians, professionals, contractors, and homemakers. "Anyone who has seen a UFO or knows someone who did wants to know what is going on, and that is what we are trying to do," said Margie. The purpose of MUFON is to scientifically study the UFO phenomena. MUFON takes sighting reports on the international website at [www.mufon.com](http://www.mufon.com), then the State Director, Debbie Ziegelmeyer, appoints a MUFON Field Investigator to handle local investigations. All investigations are taken seriously.

The KC MUFON Chapter meets monthly at The Unity Temple on the Plaza or at the Westport Coffee House, usually on the second Monday of the month at 6:30 PM. Meetings are always open to the public, but the press needs to make an appointment first. Press Kits are available.

Kay will lecture at Communiversity in June with her class "UFOs are Real and are in Kansas City." Visit [www.umkc.edu/commu](http://www.umkc.edu/commu) to register.
